

HMS Honey 2 Hour Beekeeping Taster Course.

2 Hour Beekeeping Taster Course - Dive into the World of Bees!

Embark on an engaging 2-hour Bee Keeping Taster Course in this you will be journeying into the captivating world of honeybees and the timeless craft of beekeeping.

Below you will find information on our 2-hour taster Courses and both of our 1/2day and Full day beekeeping courses.

2 Hour Beekeeping Experience - Dive into the World of Bees!

If you are not sure if you want to come on a half day or full day course then this is ideal for you. Embark on an engaging 2 hour journey into the captivating world of honeybees and the timeless craft of beekeeping.

Experience Bees & Beekeeping in Just 2 Hours

Join us for an immersive evening session where you'll:

Discover the fascinating world of bees – their role in nature and honey production. You will also get to see some amazing Sun Sets.

Explore a working hive (with safety gear provided).

Learn the basics of beekeeping – tools, techniques, and tips.

Taste fresh honey straight from the source.

Duration: 2 hours

When: Weekday and Weekend evenings running from 6:30 - 8:30 (times can be adjusted for your needs)

Perfect for: Nature lovers, curious minds, and anyone looking for a unique hands-on experience.

Finale - Q&A and Heartfelt Farewell:

Wrap up your half-day experience with an engaging Q&A session, where you can ask any remaining questions about bees, beekeeping, or honey production. Reflect on the incredible role these tiny creatures play in maintaining our ecosystem and explore ways we can contribute to their survival.

As you say goodbye to the beekeeping apiary, you'll leave with newfound knowledge, cherished memories, and a profound appreciation and respect for the fascinating world of bees.

What Next:

If you would like to build on what you have learnt on our 2 hour taster course you could then choose to come on one of the following further courses either our Half day or Full day course. For more information of these courses please click on the link here:
